

This education pack contains a series of educational worksheets for primary and secondary students using the Adelaide Central Market as a backdrop to educational exercises that relate to the national curriculum.

The worksheets are constructed so that older students can take self-guided tours around the Market.

The questions have been deliberately designed to increase students' level of observation and inquiry.

Education Themes

- The Changing Culture of Adelaide
- The Importance of Creating and Shaping Community
- A Sustainable Environment
- Adelaide Central Market and other markets as Cultural Icons
- Adelaide Central Market and Environs History Walking Tour

National Curriculum

The Education Pack worksheets address the National Curriculum in a number of ways, in distinct subject areas including history, social studies, science, English and geography. Cross-curricula subjects are also addressed in the areas of environmental studies, local community, civics and citizenship.

Skills

A large number of skills relevant to the stages of learning for the middle school years are identified through visiting the market. These include predicting, observation, surveying, confidence building, forming opinions, seeking opinions other than self, teamwork and listening.

Surveying Customers and Stallholders

Prior to your visit, please discuss and/or role-play with your students how to approach customers and stallholders in a friendly and polite manner. Most people are very willing to aid students in the search for learning. Please remind your students, however, that if someone is too busy and cannot answer their queries, then it is best to say 'thank you anyway,' and move on to find someone else. A smile goes a long way in communicating!

Self-Guided Visits (Free)

Self-guided visits are free, however we request that you make a booking to help ensure you come on a day without too many students. To secure your booking, please complete and return the booking form.

TIPS FOR YOUR VISIT

- Schedule your school visit on a **Tuesday, Wednesday or Thursday**. School visits are not permitted on Fridays as Market trade is extremely busy and we don't want your experience at the Market to be rushed. Our stallholders enjoy educating students and talking to them about the products in their stall. On the suggested days they will be able to give your group the attention and answers that you are looking for. Please note that Wednesday is an optional day and not all stalls will be open.
- Come equipped with a map. [Download](#) your map to help you navigate your way around the Market during your visit.
- Teachers and Guardians are responsible for the safety and behaviour of their group of students. We ask that **at least one teacher or guardian for every six children** to be allocated to the group, to ensure the safety of the students and to allow for adequate supervision. Ensure that your group is split up accordingly around the Market to allow for easy access.
- We ask that you ensure your group does not obstruct our stallholders display / stands and to allow other customers to continue shopping.
- Adelaide Central Market is not responsible for providing food tastings except where paid bookings are made. You may contact the stallholders prior to your visit to arrange tastings. Click [here](#) to view our stall holder's contact details.
